# Summary

- ***Zipline*** backtester can be used standalone or in the Quantopian IDE
  - Support for testing and trading futures contracts is coming
- ***pyfolio*** bundles various useful portfolio analyses tools and includes Bayesian modeling functionality beyond what was presented today
  - Can be used with Zipline/Quantopian developed strategies or simply on a CSV file of daily returns
- Quantopian's Jess Stauth, PhD. "Using pyfolio" webinar: https://www.youtube.com/watch?v=-VmZAlBWUko
- ***pyfolio*** is still young -- please contribute: https://github.com/quantopian/pyfolio/labels/help%20wanted
